

Province	Company	City	Speciality	Notes
BC	STEMCELL Technologies	Vancouver	Cell Therapies Regenerative Medicine	Brand-new manufacturing facility currently starting up
	PNI (Precision NanoSystems)	Vancouver	RNA vaccines and therapeutics	New manufacturing plant to be built by late 2022
	Abcellera	Vancouver	Antibodies	New manufacturing plant to be built by early 2024
AB	ACTM (Alberta Cell Therapy Manufacturing)	Edmonton	Cell therapies	-
	Northern RNA	Calgary	Nucleic acids	Opened in July 2022
SK	VIDO (Vaccine and Infectious Disease Organization)	Saskatoon	Animal/Human Vaccines	New manufacturing plant set to be operational later in 2022
ON	Sanofi	Toronto	Vaccines	-
	Resilience Biotechnologies	Mississauga	Vaccines and other biologics	New mRNA manufacturing plant under construction
	CCVP (Centre for Cell and Vector Production)	Toronto	Cell and gene therapies Regenerative medicine	Operated by CCRM, located in MaRS
	OmniaBio Inc.	Hamilton	Cell and gene therapies	Operated by CCRM, to open in 2024. Set to be the largest cell and gene therapy manufacturing plant in Canada.
	BMC (Biotherapeutics Manufacturing Centre)	Ottawa	Cell therapies Regenerative Medicine	Consists of two separate facilities: Virus Manufacturing Facility Cell Manufacturing Facility
	Novocol Pharma	Cambridge	Fill-Finish	-
QC	Moderna	Laval	mRNA	To begin construction late 2022, and become operational late 2024
	BMC (Biologics Manufacturing Centre)	Montreal	Protein Biologics VLPs Viral vectors	Operated by the NRC
	CTMF (Clinical Trial Material Facility)	Montreal	Protein biologics VLPs Viral vectors	New manufacturing plant to be built by late 2022 Operated by the NRC
	Pharmascience	Montreal	Generics Over-the-counter products	-
	C3i (Centre for Commercialisation of Cancer Immunotherapy)	Montreal	Immune cell therapies	-
	Laboratoire Riva	Blainville	Generics Over-the-counter products	-
	Medicago	Quebec City	Plant-based vaccines and therapeutics	Covid-19 vaccine (Covifenz®) approved for use in Canada
	GSK	Quebec City	Seasonal influenza vaccine	Makes the majority of flu vaccines for domestic consumption
PEI	BioVectra	Charlottetown	Protein biologics mRNA/pDNA	Expansion underway for mRNA production, to be completed by 2023
NS		Windsor	Protein biologics mRNA/pDNA	-
